Dr. Novy Expresses Thanks

The Booster reporter has attempted several times to obtain an interview with Drs. Olson and Novy, 7912 S. Halsted St., but it seems that every time we called upon them they were too busy to spare us a few moments. We were fortunate, however, in "squeezing" in a word or two with Dr. Novy the other day, and he asked us to express his hearty thanks for the cordial support and co-operation given them by the people of Auburn Park. The doctors are established in the new building at 7912 S. Halsted St., and are fully equipped to render satisfactory service to all.

The Parent-Teacher Association of the Parker schools will meet Wednesday, Dec. 1st, at 3 p. m. in the practice gymnasium. Mrs. Orville T. Bright will speak on "Standards of Parenthood."

Will You Act As a Reporter?

Is that a funny request? Not at all. Every family in the community should delegate one of their number as "press agent." One member of the family should make it his or her business to see that news items concerning the family are taken every week to The Booster office for publication in the personal column, or as is more generally known, among the locals. It is impossible for The Booster staff to get all of those little "locals" without the assistance of our readers. What is everybody's business is nobody's business. **Delegate one person to handle your little news items each week.** We are always glad to get them. Send them in.

Recruiting Campaign for Boys to Become Scouts

At the meeting of the scout masters of the southwest district of the Boy Scouts of America, held Tuesday evening, Nov. 16th, it was the unanimous consent of those present to hold a recruiting campaign between now and Jan. 1st to enlist all boys 12 years of age and over in the scout movement.

There are a number of troops that have not reached the maximum in the enrollment of 32 boys and those troops will take enough boys to reach the maximum.

New troops will be formed as needed. Application blanks may be had from the district headquarters, 6335 S. Halsted St., or from any of the troop meeting places.

The reason for this campaign is that rates will be 50c per boy after Jan. 1st and in order to take advantage of the old rate of 25c per year, it will be necessary for the boys to enroll immediately in some troop, or ask the organization in which they are interested to organize a troop.

Attractive features in scouting the past week:

Troop 663, although a troop less than six months old, put on a very attractive entertainment for the people of its community last Monday evening, Nov. 15th; program consisted of scout work and entertainment features given by scouts.

Troop 660, Hamilton Park, had a social evening Nov. 13th in place of the regular meeting, with twenty-seven scouts present, seven guests and the addition of three new scouts. The troop also had the pleasure of Mr. C. V. Hines' presence, who gave them words of encouragement and praise.

With a very pleasing ceremony, Mr. C. L. Stranathan, troop committeeman, presented the troop with a handsome flag, which was accepted by Scoutmaster Souther, after which a light lunch was served and the troop gave an exhibition in scout work.

The troop voted a very pleasant time and were promised more social evenings during the coming winter.

Troop 613 put on a demonstration and entertainment at the Ogden Park M. E. church on Thursday evening, Nov. 18th; the program was attractive in every way. The scout law was acted out by the whole troop. The champion knot tying team of Chicago was a part of this demonstration. This demonstration brought credit to the scoutmaster, Mr. H. A. Carson. Addresses were given by Claude V. Hines, field scout executive; Rev. A. Bauman, Mr. Wm. Smallman, and Mr. Fred Bird.

Pianos tuned, $1.75. Repairing. Kiesling, 7330 Lowe Ave. Stewart 4425.

Be sure to attend the bazaar given by the ladies of the Emerald Ave. Presbyterian church on Wednesday, Dec. 1st, afternoon and evening, at Carpenter's hall, 6414 Halsted St. Admission free.

Seventy-ninth Street Express and Moving, 622 W. 79th St. Tel. Vincennes 640. Res. Vincennes 2661.

American Association for Recognition of the Irish Republic

The Fr. John Prendergast branch held a monster meeting and demonstration on last Wednesday evening, Nov. 17, at Cosmopolitan Hall, 79th and Halsted Sts. The meeting was called to order at 8:30 p. m. by J. J. Needham, president of the branch, who introduced the Rev. Thos. F. Egan, pastor of St. Sabina's church, as chairman of the evening. Fr. Egan on taking the chair addressed those present, relating to them his experiences while visiting Ireland about a year ago. He also commended the officers and members of the branch for the good work they have done in the past, and Fr. Egan hopes they will continue along these lines, giving their ardent support and co-operation to Eamon De Valera, president of the Irish Republic, until such time as said republic has gained the recognition of the other nations of the world.

The reverend chairman then announced the first number on the program the highland fling, which was danced by the Misses Lititia Scraag and Nora Murphy, who were dressed in real highland costume and accompanied by Bertha Schraag at the piano. Then came along the Misses Marjorie Delaney and Alice Horgan, who danced an Irish reel, jig and hornpipe, accompanied by Mr. Phillip Horgan on the violin. The chairman then introduced the principal speaker of the evening, Mr. James Brennan of the Chicago Federation of Labor, who delivered an address in his manly and scholarly fashion that will long be remembered by those who had the pleasure of hearing him. Among other speakers who addressed the meeting were Mr. Owen Shevlin, state organizer for the Friends of the Irish Republic, and Mr. Thomas O'Day of the Machael Mallin branch. There will be a solemn high mass at 8 o'clock on Thursday morning, Nov. 25th, at St. Sabina's church, 78th and Throop Sts., for the repose of the souls of Lord Mayor McSwiney and the other Irish martyrs who have sacrificed their lives for Ireland. Fr. McGuire of Holy Cross church will assist at the mass and preach the sermon. The next meeting of the branch will be held on Thursday evening, Dec. 2d, and all the members are requested to attend.

Unique Window Display Attracts Pedestrians

One of the cleverest and most attractive window displays seen on Halsted St. for some time is that of Nelson, the Jeweler, at 7816 S. Halsted St. Mr. Nelson has just had his window remodeled and the display shown is a work of art. Dainty articles of quality jewelry, arranged most pleasingly. Mr. Nelson also has on hand now his complete holiday offerings, and the wise shopper will take advantage of the opportunities offered for early buying.

The Auburn Park Federated Church

77th St. and Normal Ave.

The federated idea is proving a splendid thing here. Within the last three months the Sunday school has increased in attendance over 50 per cent. The average attendance so far for the month of November has been over 17 per cent over the average attendance for October. Not only has the attendance of the school increased but the teaching efficiency of the school has been graded and the use of the best text obtainable for its peculiar purpose adapted. The result is already noticeable.

The growth of the church is in some measure going with the growth of the Sunday school. On Wednesday evening, Nov. 17th, seven members were received into the church. The pastor has the request of fourteen more waiting to be received. The requests for membership are coming in almost at the rate of one per day. We welcome into our fellowship all Christian people who desire to worship God as we worship Him, and desire to work with us in His work here. Our church is here for the community.

The church in trying to function as a community church and to touch every phase of life here, has heretofore been neglecting the men, as a group. A number of men met the other evening and decided to ask the men of the community to meet in the parlors of the church Monday evening, November 29th. This will be an informal meeting and of the type men like to attend. Every man of the community, whether he has ever attended this church or not, is invited to be present.

A union Thanksgiving service will be held in the Auburn Park Federated Church, 77th St. and Normal Ave., Thanksgiving morning at 10:00 o'clock. Rev. Robbins of the Auburn Park M. E. church will deliver the address. All churches of the community are invited to unite with us here.

An Easy Mark

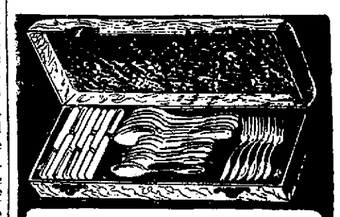
Veteran Newspaper Distributor Retires

After twenty-eight years of faithfully serving the interests of the people of Auburn Park, Edward Steinhauser, veteran newspaper distributor, retires from business. During these years Mr. Steinhauser has built up a very big patronage and takes this occasion of expressing his appreciation to his many customers who have made possible his success in business and asking that an equal share of your valued co-operation be extended to his successor, H. C. Frentz, 449-A W. 79th St., Phone Vincennes 5632, who pledges himself to render the utmost service to the Auburn Park readers of the Chicago papers.

The Condors defeated the Vernon's at Grand Crossing Park Sunday, 10 to 7. The forward passing of Vernon sent one of the Vernons across the goal line in the first quarter. The line plunging of the Condors paved the way for a touchdown in the third quarter, Shuman making the touchdown and kicking the goal. In the fourth quarter, with one minute to play, White kicked a drop kick from the 25-yard line. Thanksgiving day the Condors play the West Auburn A. A. at 85th and Racine Ave. Kickoff at 3 p. m. Everybody welcome.

The Brainerd Congregational Church will give an illustrated lecture on November 21st and November 28th. The girl's junior choir will sing.

Cassius Ward, Jr., son of Mr. and Mrs. C. M. Ward, 7944 Emerald ave., was laid to rest in Mt. Olivet cemetery yesterday morning. Requiem mass was sung at St. Leo's church.



Rich Silverware—
The Gift of Distinction

Silverware purchased at this store carries with it a double assurance of quality—that of the maker and that of this store, which has always maintained the highest standards.

We can show you the work of the world's best makers—pieces of rare design, of unquestioned quality. If you are among those who find pleasure in beautiful things, you will enjoy inspecting our large and varied stock—and you will be heartily welcome.

W-W-W Rings

And when you desire to select a ring for some intimate friend or for yourself, you will find this same high standard of quality reflected in our assortment. The W-W-W Rings, of solid gold, set with gems, are known not only for the flawless purity of the stones, but also for the rare beauty of the design.

Come in and let us show you.

Intelligent Self-Help

Intelligent self-help is the one thing needed to get millions of sick people out of the rut of ill health and on the high road of good health. Living through years of suffering and ill health, without energy or interest, is no way to spend life. Yet thousands of people do spend life in just that way because they lack the spirit of intelligent self-helpfulness. They prefer having some one else to help them, and they worry along with operations and drugs and dopes, which do nothing more than treat the effects.

THERE IS A CAUSE FOR EVERY DISEASE

and until the cause is removed good health cannot be restored.

The Science of Chiropractic has proved that the cause of practically all disease is displaced or subluxated vertebrae, which by pressing upon the delicate spinal nerves cut off, or hinder, the flow of vital force from the brain to the parts of the body. Without this vital force life and proper function is impossible, and the parts from which the normal supply of nerve force is thus cut off become diseased.

The Chiropractor carefully palpates the spine, exactly locates the sublaxated vertebrae, and by a movement of the bare hands only, adjusts them to normal alignment. The affected parts receive the proper amount of vital nerve force, and health results.

If you do not fully understand Chiropractic I will gladly explain this wonderful health science. Investigate. Find out for yourself what can be done for you. Then—

Get Rid of the Cause of Your Trouble. That is Self-Help.

Booster Want Ads Get Results

There was an attendance of over one hundred at the Thanksgiving meeting of the Parent-Teacher Association of the Oglesby school last Wednesday. A representative from the School Children's Aid gave an interesting outline of the work of that organization. Little Ethel Richardson interpreted a "solo dance;" six-year-old Louis Pazil was the cornetist, and the splendid Oglesby orchestra, under the able leadership of Miss Burke, pleased the audience with several numbers.

Mrs. M. Wadley 7918 Lowe ave., has as guests her daughter, Mrs. Bernard Lizenby and baby of Madison, Wis.

Madness of the Moon.

So far as we can gather, there is no foundation for the old belief that the moon affects the mind and brings about madness in some people. The idea may have originated from the word "lunatic," which is derived from "luna" the moon.

Up-to-Date Youth.

Bobby's father asked him when Moses lived. Bobby said he did not know. His father then read from a book: "Moses 4,000 B. C." and then asked Bobby why he did not know when Moses lived. Bobby replied: "Oh, I thought that was his telephone number."

News from Tilden Tech.

The Play's the Thing!

Tilden Tech's annual play will be presented in the fall this year, instead of in the spring as formerly. December 2 is the time, Englewood high school the place, and "What Happened to Jones" the play. It's a farcical comedy in three acts with Lawrence Andreason in the title role, supported by twelve boys and girls of the Tilden Tech Dramatic Club. The proceeds will go to the athletic fund. The members of the school and their friends are expected to turn out en masse to make the play as great a success financially as the young actors are striving to make it dramatically. Don't forget the date, Thursday evening, Dec. 2, at Englewood High auditorium. Tickets 25 cents.

Football—Tilden 54, Morgan Park 6

Tilden won a one sided game from Morgan Park Saturday at Normal Park. The stars for Tilden were Bortscheller and Tilford; for Morgan Park, Davis. Tilden's next opponent will be Marshall at Normal Park, Saturday, Nov. 20.

Wireless

The Tilden Technical High School is the only school that has a special license. They have an A. H. Grebe C. P.-7 long wave set, and an A. H. Grebe C. R.-6 short wave set. They also have a one-half K. W. quenched multiple spark transmitter. They send on 375 meters. Their aerial is 4-wire T-type 130 feet long and 105 feet high.

They have two wireless classes during the day. In the beginning they learn the code and later work problems pertaining to wireless. The boys are permitted to make their own sets at a reasonable price. A great many boys of the class are doing so. They can either make a C. R.-6 or another short wave set designed by the teacher. They have a fine wireless set. This makes a good radio station. They listen in every day and get the time and weather report. They also got the election reports Nov. 2. They would like to hear from any amateurs and any radio clubs and would like to get their position and call.

Mr. and Mrs. John E. Schaefer arrived at their new home at 7728 Emerald ave. after a honeymoon trip.

Mrs. A. E. Bantz of 7629 Emerald ave. has as guests her sister Mrs. Howard Fox and her neice Lois.

Mr. M. D. Sorenson, 8600 Carpenter st., left for Milwaukee, Wis.

YES, INDEED, I'M THANKFUL

this Thanksgiving for all my gifts, especially that lovely diamond ring I received from—well, I just can't tell. Anyway, I know it came from Bloomquist's store, 'cause I saw the box It's beautiful.

Priceless Persian Rugs.

It is a well known fact that an Oriental never gets foot upon his rug with even the soft sandals that he wears. When his foot is set upon his rug it is entirely bare, and this is the reason why oriental rugs woven hundreds of years ago are still perfectly preserved. The hunting rugs of Persia have a great historical value, as they depict authentically how the phoenix and elephant were hunted in ancient days. Mounted hunters pursuing the lion, deer, and other creatures, both fabulous and real, form the groundwork of all of these rugs.

Greeks Prize Rugs.

Rug making is as old as Greece itself, but it was never made a commercial item, and it was rare indeed that a weaver could be persuaded to part with his rug. Greek rugs are of two kinds, the heavy ones used in winter and the light ones used at all times. In the beginning the designs were of the simplest, but later the Greeks borrowed floral designs from the Persians, which loan was amply repaid with the development of Grecian art. Venetian rugs are also very rare.

Pennillion Singing.

Pennillion singing is quite common in Wales, and peculiar to the principality. It consists of an instrument playing over a tune in strict time and repeating it over and over again, while the singer or singers extemporize words to it in rhyme. The impromptu poetry must fit in with the music and is generally of an amusing character. The custom is quite common among the people, and the instrument used is their national instrument, the harp.

About the Tourmalines.

Tourmalines were discovered to us as gems in the eighteenth century, when some Dutch children, playing with bright colored stones on a warm summer day, noticed that they attracted and held straws and ashes. For some time after this the stones were called "ash drawers," and later it was discovered that they have electric power, greatest between the degrees of 100 and 200 Fahrenheit.

Never the Same Again.

Friendship is a vase which, when it is flawed by heat or violence, or accident, may as well be broken at once; it can never be trusted after. The more graceful and ornamental it was, the more clearly do we discern the hopelessness of restoring it to its former state. Coarse stones, if they be fractured, may be cemented again; precious ones, never.—Walter S. Loudon.
